

# XSStick® W12

## HSDPA 7.2 Mbit/s USB-Stick

### Mobile highspeed Internet Access via USB

Whether you're on vacation or taking a short weekend trip: with your notebook and an XSStick®W12, you enjoy the best and, with speeds up to 7.2Mbit/s, also the fastest connection.

It doesn't matter whether you are visiting a customer or congress or whether you are having an outdoor meeting: quick and easy connection to the Web or your company intranet gives you a whole new kind of freedom. Just plug the XSStick®W12 into your notebook and surf away!

Why not combine pleasure with practicality more often? Your son wants to chat with his friends, your daughter wants to upload a YouTube video, and you want to check your friend's latest holiday pictures on Flickr™. All this during a picnic in the park with friends?

Why not? With the XSStick®W12 and a notebook it's not a problem - it's just plain fun.
